Editions of JPod by Douglas Coupland - Goodreads JPOD is known for a unique blend of bouncy beats with full flavor. All at once he manages to pay respect to vintage sounds of the past while forging into unexplored soundscapes of the future. In the studio he crafts bootlegs, remix albums and original material which he brings to the stage to consistently push the limits of smiles per minute. JPOD » Home There are several good laughs in JPod, and you won't be bored. The book however lacks the memorable observations and oneliners found in other, better Coupland works, such as Generation X. JPod is simply too facile - it takes a little more than quoting computerbabble, product packages, and internet-vernacular to be a chronicler of our times.
