## Batteries

(Closer Look at)' What do you call a factory that makes electricity? - Answers In this science fair project, construct batteries from various fruits and test them to see which one will produce the most electric current. Then, determine if it would be practical to use fruit as a natural source for generating electricity. An electric current is a flow of electrons and is measured in units called amperes or "amps." Fruit Battery | Science project | Education.com Author of Electricity & Batteries (Science Factory), Closer Look at Tidal Waves and Flooding (Closer Look at), Electricity (Science Factory), Magnetism & Magnets, Tidal waves and flooding, Ashton House, Tidal waves and flooding Michael Flaherty | Open Library An electric vehicle battery
