... Science Journal for Kids and Teens Articles in scientific journals are mostly written by active scientists such as students, researchers and professors instead

of professional journalists. There are thousands of scientific journals in publication, and many more have been published at various points in the past (see list of scientific journals). Scientific journal - Wikipedia The articles in scientific journals are different from news articles in another way – they must undergo a process called peer review, in which other scientists (the professional peers of the authors) evaluate the quality and merit of research before recommending whether or not it should be published (see our Peer Review module). Understanding Scientific Journals and Articles | Process ... Science 28 Aug 2020: 1110-1113 Enstatite chondrite meteorites contain more hydrogen than expected and could have been

the source of Earth's water. Editor's Summary Science Scientific Style and Format presents three systems for referring to references (also known as citations) within the text of a journal article, book, or other scientific publication: 1) citation–sequence; 2) name–year; and 3) citation–name. These abbreviated references are called in-text references. They refer to a list of references at the end of the document. Scientific Style and Format Online - Citation Quick Guide While articles in the journal Science are especially concise and lack the divisions of a normal scientific paper, Kilner et al. (2004) offers plenty of examples of effective communication strategies that are utilized in scientific writing. Scientific Writing Made
